SRS Capital Markets is pleased to offer the opportunity to acquire the fee simple interest (land & building ownership) in Woodland Village Strip Center, an 8,510 square foot multi-tenant retail investment property located in Fort Worth, Texas (Dallas MSA). The property is currently 100% leased to a complementary mix of national and regional service-oriented tenants with a weighted average lease term remaining of approximately 4.4 years, reducing near-term rollover risk for a future investor. More than 61% of the current tenant lineup has operated at the property for over 10 years, demonstrating long-term operating history and tenant stability at the site. The rent roll also features contractual rental increases throughout the majority of the tenancy, providing built-in NOI growth and a hedge against inflation. In-place rents remain below current market levels in select suites, creating additional upside potential through future renewals and tenant rollover. The site is anchored by a drive-thru equipped K-Pop Burger, providing a strong traffic draw and daily customer visitation to the center.

Woodland Village Strip Center is strategically located near the signalized, hard corner intersection of Alta Vista Road and Timberland Boulevard which supports more than 17,000 vehicles per day. The asset also benefits from nearby access to Interstate 35W (99,800 VPD), Highway 170 (25,200 VPD), Golden Triangle Blvd (31,100 VPD), and more, making this an ideal, centralized location with easy commutes. Located in a dense retail corridor, the asset is within close proximity of multiple national/credit tenants including Walmart Supercenter, Sam's Club, Kroger, Bass Pro Shops, Aldi, CVS, Walgreens, Dollar Tree, and more. Strong tenant synergy increases consumer draw to the immediate subject trade area and promotes crossover tenant exposure to the site. Furthermore, the asset is within walking distance of Timber Creek High School and Caprock Elementary School, which collectively serve more than 4,000 students, providing a strong built-in consumer base and consistent daily traffic to the surrounding area. Moreover, the property is located in close proximity to Texas Health Harris Methodist Hospital Alliance, a 151-bed full-service acute care hospital that serves more than 50,000 patients annually and generates approximately 44,000 emergency room visits per year, providing a significant daytime employment and consumer driver for the surrounding trade area. The dense, 5-mile subject trade area is supported by more than 196,000 residents and 59,000 daytime employees who boast affluent average household incomes of more than \$159,000.

FORT WORTH, TEXAS

Fort Worth is the 16th-largest city in the United States and the fifth-largest city in the state of Texas. Fort Worth, incorporated in 1873, is a political subdivision and municipal corporation of the State of Texas, located in Tarrant, Denton, Parker, Wise and Johnson Counties. Fort Worth has a 2026 population of 1,050,336. Fort Worth is located in North Texas and has a generally humid subtropical climate. It is part of the Cross Timbers region; this region is a boundary between the more heavily forested eastern parts and the rolling hills and prairies of the central part. Specifically, the city is part of the Grand Prairie ecoregion within the Cross Timbers. The Dallas–Fort Worth metroplex is the hub of the North Texas region. According to the United States Census Bureau, the city has a total area of 298.9 square miles.

Fort Worth is a Sunbelt city marked by its steady growth and diverse economy. Relocation of major firms to the greater Fort Worth area, renovation of many historical landmarks, shopping areas, and a host of public and private cooperative development ventures comprise Fort Worth's economic past. Fort Worth has traditionally been a diverse center of manufacturing and is not dependent on the oil or financial sectors. The city's industries range from clothing and food products to jet fighters, helicopters, computers, pharmaceuticals, and plastics. Fort Worth is a national leader in aviation products, electronic equipment, and refrigeration equipment. It is home to a multitude of major corporate headquarters, offices, and distribution centers.

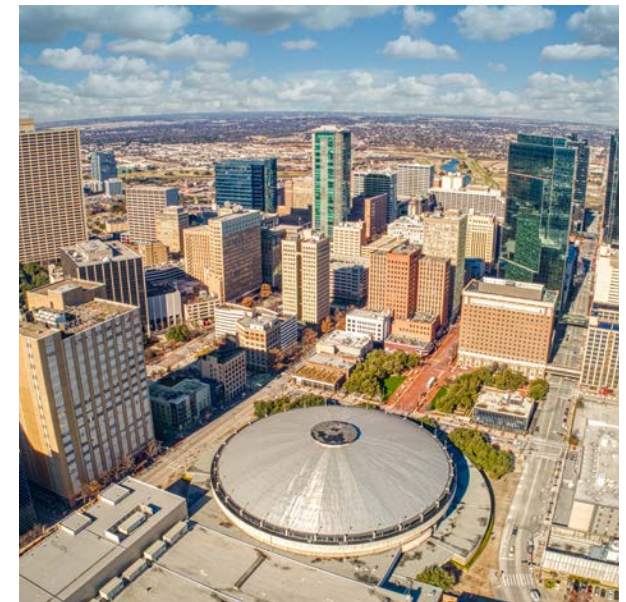

There is no shortage of outdoor activities in Fort Worth. Within the city limits, boating is popular at Heritage Park at the intersection of the Clear and West forks of Fort Worth's Trinity River. Just 10 miles southwest of downtown Fort Worth, Lake Benbrook is one of the city's best freshwater fishing destinations. Holiday Park, Mustang Park and Rocky Creek Park, all located around Benbrook's periphery, offer facilities for hiking, boating and camping. Dozens of larger lakes are within an hour drive of the city. Golf courses in the area include the nationally-ranked Cowboys Golf Club, 19 miles away in Grapevine.

The airline industry is critical, with both the Dallas–Fort Worth International Airport and Alliance cargo airport in or near the city; American Airlines is based there. Dallas/Fort Worth International Airport is a major commercial airport located between the major cities of Fort Worth and Dallas.
