Market Overview

Chisholm Trail Ranch

Chisholm Trail Ranch has rapidly emerged as one of Southwest Fort Worth's premier master-planned growth corridors, combining large-scale residential expansion with an increasingly dominant commercial retail sector along Chisholm Trail Parkway and McPherson Boulevard. Positioned approximately 12 minutes from Downtown Fort Worth, the neighborhood benefits from direct regional connectivity, strong school districts, and sustained in-migration from households seeking newer housing stock and lifestyle-oriented retail amenities.

The defining investment characteristic of Chisholm Trail Ranch is its exceptional residential growth velocity, which continues to drive long-term retail demand:

- Master-planned community spanning over 625 acres.
- More than 8,500 new single-family homes completed or currently under construction.
- Earlier development phases projected 7,800 homes, a figure that has since expanded as the corridor continues to outperform expectations.
- Affordability relative to other DFW submarkets attracts young families, professionals, and move-up suburban buyers.

The scale of residential absorption creates a compounding demand engine for neighborhood retail, medical, food service, and convenience uses.

Fort Worth, Texas

Fort Worth is one of the most compelling large-city growth stories in the U.S., recently surpassing the 1 million population threshold and continuing to rank among the fastest growing major metros in the country. The City is supported by a diversified economic base spanning aerospace, logistics, healthcare, and advanced manufacturing, creating durable long-term demand for retail and commercial real estate across Fort Worth's high-growth suburban corridors. Most of this expansion has been concentrated in the far southwest and north Fort Worth growth bands, where master-planned housing, new schools, retail corridors, and transportation infrastructure are transforming formerly rural land into institutional-quality suburban nodes.

Fort Worth benefits from a combination of pro-business governance, large-scale available land tracts, affluent household migration, and major roadway infrastructure, particularly along the Chisholm Trail Parkway corridor. The tollway has materially compressed drive times between southwest Fort Worth, Downtown, the Medical District, and southern Tarrant County, accelerating both residential absorption and retail demand.

Chisholm Trail Ranch / McPherson Boulevard is Fort Worth's premier master-planned growth corridors and a major long-term retail investment story. The corridor is approximately 10-12 minutes from Downtown Fort Worth, giving it exceptional commuter accessibility. The area combines large-scale single family residential and heavy commercial retail nodes with community parks and school infrastructure. The original master plan encompassed 600 acres, however, more recently, the broader corridor continues to expand with 263 additional acres of active residential, commercial, and mixed-use land development opportunities, reinforcing its position as a long-duration suburban growth market.

Information About Brokerage Services

Texas Real Estate Commission (2-10-2025)

Texas law requires all real estate license holders to give the following information about brokerage services to prospective buyers, tenants, sellers and landlords.

TYPES OF REAL ESTATE LICENSE HOLDERS:

- **A BROKER** is responsible for all brokerage activities, including acts performed by sales agents sponsored by the broker.
- **A SALES AGENT** must be sponsored by a broker and works with clients on behalf of the broker.

A LICENSE HOLDER CAN REPRESENT A PARTY IN A REAL ESTATE TRANSACTION.

AS AGENT FOR OWNER (SELLER/LANDLORD): The broker becomes the property owner's agent through an agreement with the owner, usually in a written listing to sell or property management agreement. An owner's agent must perform the broker's minimum duties above and must inform the owner of any material information about the property or transaction known by the agent, including information disclosed to the agent or subagent by the buyer or buyer's agent. **An owner's agent fees are not set by law and are fully negotiable.**

AS AGENT FOR BUYER/TENANT: The broker becomes the buyer/tenant's agent by agreeing to represent the buyer, usually through a written representation agreement. A buyer's agent must perform the broker's minimum duties above and must inform the buyer of any material information about the property or transaction known by the agent, including information disclosed to the agent by the seller or seller's agent. **A buyer/tenant's agent fees are not set by law and are fully negotiable.**

AS AGENT FOR BOTH - INTERMEDIARY: To act as an intermediary between the parties the broker must first obtain the written agreement of each party to the transaction. The written agreement must state who will pay the broker and, in conspicuous bold or underlined print, set forth the broker's obligations as an intermediary. A broker who acts as an intermediary:

- Must treat all parties to the transaction impartially and fairly;
- May, with the parties' written consent, appoint a different license holder associated with the broker to each party (owner and buyer) to communicate with, provide opinions and advice to, and carry out the instructions of each party to the transaction.
- Must not, unless specifically authorized in writing to do so by the party, disclose:
 - that the owner will accept a price less than the written asking price;
 - that the buyer/tenant will pay a price greater than the price submitted in a written offer; and
 - any confidential information or any other information that a party specifically instructs the broker in writing not to disclose, unless required to do so by law.

AS SUBAGENT: A license holder acts as a subagent when aiding a buyer in a transaction without an agreement to represent the buyer. A subagent can assist the buyer but does not represent the buyer and must place the interests of the owner first.

TO AVOID DISPUTES, ALL AGREEMENTS BETWEEN YOU AND A BROKER SHOULD BE IN WRITING AND CLEARLY ESTABLISH:

- The broker's duties and responsibilities to you, and your obligations under the representation agreement.
- Who will pay the broker for services provided to you, when payment will be made and how the payment will be calculated.

LICENSE HOLDER CONTACT INFORMATION: This notice is being provided for information purposes. It does not create an obligation for you to use the broker's services. Please acknowledge receipt of this notice below and retain a copy for your records.
